SERVICE INFORMATION LETTER NO. SIL20A1-023

NOTE: Service Information Letters are used only:

1. To distribute information from Diamond Aircraft Industries (DAI) to our customers.
2. To distribute applicable information/documents from our suppliers to our customers with additional information.

1. TECHNICAL DETAILS

1.1 Aircraft Affected

All DA20-A1

1.2 Subject

Exhaust system inspection and installation
ATA-Code: 78-00.

1.3 Reason

It has been found that cracks may develop on the exhaust system installed on some aircraft if not properly installed or inspected which may lead to loss of engine performance and/or exposure to exhaust fumes. To address this concern, Diamond Aircraft Industries has introduced a clarified inspection and installation process of the exhaust system. This new inspection is prescribed in AMM Temp. Revision DA201-A1 TR 78-01.

1.4 Information

For affected aircraft Diamond Aircraft Industries recommends performing the prescribed inspection per the AMM at the next inspection.

2. OTHER DETAILS

To obtain satisfactory results, procedures specified in this service information letter must be accomplished in accordance with accepted methods and current government regulations. Diamond Aircraft Industries Inc. cannot be responsible for the quality of work performed in accomplishing the requirements of this service information letter. Diamond Aircraft reserves the right to void continued warranty coverage in the area affected by this service information letter if it is not incorporated. If you no longer own the aircraft to which this service information letter applies, please forward it to the current owner and send the name of the current owner to Diamond Aircraft Industries Inc. at the address below.

Diamond Aircraft Industries Inc. 1560 Crumlin Sideroad, London, Ontario, Canada N5V 1S2
