This list identifies documentation directly applicable to the safe operation and maintenance of the DA42 L360 Aircraft. It is recommended that operators periodically verify that their documentation is at the correct issue/revision level. The List of Applicable Publications (LOAP) will be updated at least quarterly, and sent to all registered subscribers. If you have not received your LOAP update for more than three months, contact Diamond Aircraft Customer Support at the following listed numbers immediately.

This list includes links to relevant vendor sites/documents that Diamond Aircraft is aware of for the DA42 L360 aircraft. Vendor documents are not posted on the Diamond Aircraft Website.

Other information pertaining to specific components (e.g. avionics) should be obtained directly from the vendor or manufacturer.
