
SERVICE INFORMATION LETTER NO. SI40NG-089

NOTE: Service information letters (SIL) are used only:

1. To distribute information from Diamond Aircraft Industries Inc. to our customers.
2. To distribute applicable information/documents from our suppliers to our customers with additional information.

NOTE: Typically there is no revision service for SILs. Each new information or change will be sent along with a new SIL.

1. TECHNICAL DETAILS

1.1 Aircraft Affected

Model: DA 40 NG

S/N All with specific 5934 series altimeters that were manufactured between May 2021 and October 2022.
The affected altimeters serial numbers are indicated on United Instruments Inc. Service Note No. 14.

1.2 Subject

United Instruments Service Note No. 14.

1.3 Reason

United Instruments Inc. has identified altimeters that may have nonconforming static port threads, which may result in leaks. United Instruments Inc. has issued Service Note No. 14 with instructions to return affected altimeters to United Instruments or to a designated service facility.

1.4 Information

For detailed technical information, refer to United Instruments Service Note No. 14, which is applicable without any further additions or restrictions.

United Instruments Service Note No. 14 is attached to this SIL. In case of doubt, contact United Instruments Inc.

For information regarding the removal/installation of the instrument panel cover, refer to Section 25-10 of the DA 40 NG AMM Doc. No. 6.02.15, latest approved revision.

2. OTHER DETAILS

To obtain satisfactory results, procedures specified in this service information letter must be accomplished in accordance with accepted methods and current government regulations. Diamond Aircraft Industries Inc. cannot be responsible for the quality of work performed in accomplishing the requirements of this service information letter. Diamond Aircraft reserves the right to void continued warranty coverage in the area affected by this service information letter if it is not incorporated. If you no longer own the aircraft to which this service information letter applies, please forward it to the current owner and send the name of the current owner to Diamond Aircraft Industries Inc. at the address below.

SERVICE NOTE NO. 5934-14

TO: Owner or user of certain United Instruments, Inc. (UI) 5934 Series Altimeters

TITLE: Static Port 1/8-27 N.P.T.Thread

PURPOSE: Replacement of nonconforming static port threads in the affected altimeters.

EFFECTIVITY: This service note applies to specific 5934 Series Altimeters that were manufactured between May 2021 and October 2022, which are identified on the attached Table of Affected Serial Numbers. See Table 1 attached.

GENERAL: The altimeters covered by this bulletin may be difficult to seal the connection to the static port.

DESCRIPTION: Altimeters identified on Table 1 may have a leak at the static port connection which would introduce cabin air pressure to the altimeter.

CORRECTIVE ACTION: Ensure altimeter static port connection does not leak. UI Manual No. TM5934 Rev 5 (09/15/2017) Page 203 II. DESCRIPTION AND OPERATION 4. Installation specifies the altimeter connection procedures and to “test the static system for leaks”. Replacement of altimeter case with new static port at UI Distributors is available for a leaking static port.

COMPLIANCE AND HANDLING INSTRUCTIONS: Failing a static leak check of affected altimeters identified in Table 1 is an indication of static port threads leaking.

Check the serial number on the altimeter nameplate to determine whether it is listed in Table 1. If so remove altimeter at your convenience and return to United Instruments, or to a designated service facility, for correction in accordance with United Instruments instructions no later than September 30, 2024.

Return instructions:

When returning the altimeter to United Instruments, or to a designated service facility, each altimeter should be labeled “SN-14”, and adequately wrapped to protect it from damage, and packaged in a container no smaller than 8” x 8” x 8”. Return the altimeter by United Parcel Service (UPS) Ground Service freight collect, Account No. 0(zero)EW0(zero)43 to one of the following:

United Instruments, Inc. , 3625 Comotara Avenue. Wichita, KS 67226, 316-636-9203, customerservice@unitedinst.com; or to a designated service facility (contact details may be found at www.unitedinst.com).

IDENTIFICATION OF CORRECTED ALTIMETERS:

Altimeters that have been corrected in accordance with this service note will be identified with the number “0”, approximately 1/8 inch (3 mm) high will be metal stamped on the nameplate after the name “United Instruments”.

Any updates concerning this service note or other service information will be posted on United Instruments’ website: www.unitedinst.com.
