GENERAL

01-01 Supplement Introduction

Description

1 General

This Supplement describes an alternative Seating Configuration with OÄM 50-047 installed. The three seats of the passenger row are replaced with two single seats and a center console.

This Supplement is a permanent part of the AFM and must remain in the AFM at all times, when OÄM 50-047 is installed.

SYSTEMS**

07-01 Passenger Seat Description

1 SEATS AND SAFETY HARNESSSES

Two seats are installed in the passenger seat row.

The backrests of the passenger seat row can be laid forward after pulling upwards the release lever.

A center console is installed between the two seats. The center console has an upward foldable armrest. Under the armrest is a storage box for small items like two drinking bottles or cell phones and pens. A foam insert keeps the items in position. In front of the armrest a foam insert serves as cup holder.
