**Instruction**

- ) Print this document on yellow paper (single-sided).
- ) Insert this cover page as the first page of the AFM.
- ) Insert the other pages of this Temporary Revision in front of the corresponding AFM pages.

Doc. No. 3.01.12-E	TR-MÄM-36-300	05-May-2006	Cover Page
--------------------	---------------	-------------	------------

## **7.5 LANDING GEAR SYSTEM**

### Parking Brake

***The first sentence of the first paragraph is amended to read:***

The draw-button is located on the center console behind the trim lever or on the center console below the instrument panel.

## 7.9 POWERPLANT

### Cowl flap

***The first paragraph is amended to read:***

For operation of the cowl flap, there is a T-grip or a circular button on the center console next to the cabin heat button. If the T-grip is installed, then turn it 90° clockwise to arrest it; if the circular button is installed, push the center portion to release the retainer and move the button.
